

Voice Solutions

The Avaya IP Office Phone System will keep your business communicating

There is probably nothing that is more important to your business than communication. The foundation of this is your phone system. That is why we have determined to make Quality and Ease of Use the driving criteria in our selection of phone systems to offer to our valuable clients.

The Avaya IP Office Phone System is specifically designed for small businesses and will dramatically change how you communicate with your clients.

With a vast array of features and capabilities coupled with the simplicity of use, there is no other phone system that can match it. A huge advantage with the Avaya IP Office system is that it can grow and scale with your business. Best of all, it is affordable for just about any small business.

PHONE SYSTEM PROGRAMMING

Communications is the key to your organization and the foundation is a quality phone system that offers the features that you need on a platform that will provide years of service. The BalanceLogic Voice Solutions team will work with you to program your existing or new phone system just the way you want it.

We are trained and experienced on the systems that we recommend and we can provide consulting and hands-on programming of your Avaya Partner ACS, Merlin Legend, Merlin Magix and IP Office phone system. Remote programming services are also offered for the Legend, Magix and IP Office phone systems.

PHONE SYSTEM MAINTENANCE PLANS

Phone system maintenance covers all parts and labor during the coverage period at no extra charge, with a few different options for you to choose from. Having a maintenance plan is so affordable it just doesn't make sense not to have one.

We offer the following products to meet your phone system needs:

- Avaya Partner, Refurbished (key system)
- Avaya Merlin Legend/Magix, Refurbished (key/PBX hybrid system)
- Avaya IP Office, New and Refurbished (PBX/IP system)
- Paging Systems
- Comcast Communications Voice and Data connectivity

Technology from Avaya Communications:

- Avaya Partner Telephone Systems
- Merlin Magix Telephone Systems
- IP Office / Voice over IP
- Voice Messaging, VS Mail and Partner Voice Mail Systems
- All peripheral software products, such as ACD and Screen Pop
- Call Accounting and CTI
- All peripheral equipment such as paging systems, cordless units, headsets, etc.
- Category 3, 5 and 6 wiring, as well as fiber, for voice and data applications
