INTERESTING INFO

Your CPA vs BalanceLogic

Many people think they must turn to their CPA to handle the bookkeeping for their company. This isn't the case. BalanceLogic Financial services offer many of the same services, but at a significantly lower rate.

For example, the going hourly rate for a CPA is \$125.00 per hour, so for 4 hours a month, the total cost is \$500.00. BalanceLogic's hourly rate is \$50.00 per hour, a total of \$200.00 per month, based on our minimum plan. Over one year, that's a cost savings of \$3,600.00!

MONTHLY TIP

Backing Up Your QuickBooks Company File

Do you know when the last time your company file was backed up? If your answer is more than a week ago, you're putting yourself (and your company) at a huge risk. Following these simple steps will save your company from disaster:

1. Open your QuickBooks Company file.
2. Click File, Create Backup
3. Choose Local Backup, then Options
4. Click Browse and locate the location of where to save your file (either a removable USB drive or an external hard drive). Click OK.
5. Click Finish.

IDK = 911

If your answer is "I don't know," then call BalanceLogic immediately!

FEATURED SERVICE

Bookkeeping Services

BalanceLogic Financial services are designed to lessen the burden and expense of bookkeeping for your company. Trying to handle the

bookkeeping on your own can take away from focusing on your business. Making a commitment to a contract is sometimes difficult, so that's why we're offering 1 Month Free. If you're not satisfied within the first month, just cancel, and you'll owe nothing. (It's like the TV commercials, but without the fine print!) If you like our service, which we know you will, we ask that you just sign a 1 year agreement. Whether or not you sign an agreement with us, the first month is still free!
